### **Lady Luck**

Lyrics © Saskia Holling, Music © Lord Rochester. All Rights Reserved.

Sitting at a table rolling my dice  
With you standing there it's twice as nice  
Lady Luck Lady Luck give me a sign  
I know it's yours but it could be mine

Oh Oh Oh Oh

Lady Luck Lady Luck hear my plea  
A black cat bone won't do it for me  
Four leaf clover did wilt and die  
Rabbit foot ran and that's no lie

Oh Oh Oh Oh

Lady Luck Lady Luck my kind of girl  
One letter off from the woman I love  
Lady Luck Lady Luck hold me tight  
Got you on my left and her on my right

Oh Oh Oh Oh

### **Round My Finger**

Lyrics © Russell Wilkins, Music © Lord Rochester. All Rights Reserved.

I see you in the morning about the break of day  
I see in the mirror when my hair is turning grey  
I take you to a movie, take you to a show  
You get to meet my family, everyone I know

I got you round my finger anyone can see ooooooeee

You always at my table, you there when I awake  
I don't see you giving, I only see you take  
Here when I'm a thinking, when I'm on my own  
Then I get to see you, just how much you've grown

I got you round my finger anyone can see ooooooeee

I know one day the sun will shine I'll wake and find you gone  
You won't be around no more and I'll be on my own  
I'll be marked and I'll be scarred but I will not crack  
Even though I know you've gone I know you can come back

I got you round my finger anyone can see ooooooeee
